

A 10x10 grid where cells are shaded in a diagonal band from the bottom-left to the top-right. The shaded cells form a path that is approximately 3 cells wide, starting from the bottom-left corner and ending at the top-right corner.

A 10x10 grid where the main diagonal and the diagonals immediately adjacent to it are shaded gray, forming a band across the grid.

A 10x10 grid with a 3x3 black square in the top right and a 3x3 white square in the bottom left.

Forecasting time 30 s
